George's Iris Homen

You are invited to visit our iris garden at blooming time. We grow for sale only the newest varieties of tall bearded iris. The normal Newberry blooming period for this branch of the iris family is from April 8th to May 20 These varieties have a color range unsurpassed by any other flower.

If you care enough to buy the best varieties, the price list herein is a good place to do your buying. This list contains a higher percentage of the finest varieties introduced within the last five years than will be found in any of the colored catalogs.

POSTAGE PAID ON ALL ORDERS \$10.00 AND OVER!

Terms of Sales and Delivery

Would advise that you send your order in as early as possible, as some of the varieties I have listed won't last long at the prices I have them listed at. I invite comparison of my prices with any other Iris catalogue or price list—orders are filled in rotation, beginning about June 20 to August 20th, unless you specify some exact date. Will appreciate your Iris order, and will save you money. All rhizomes fully guaranteed true to name—your satisfaction is my only aim. Thanks!

We shipped Iris to customers in 39 states last year and over one-fourth of them sent in second orders shortly after receipt of first order. Also received numerous letters of thanks for the fine rhizomes at such low prices and free gift Iris sent with order.

Join The American Iris Society

One of the functions of an AIS judge, of which our George B. Earhardt is one, is to encourage iris hobbyists to join the American Iris Society. If you are interested in joining, we suggest that you send the amount of the annual dues, \$4, direct to The American Iris Society, 3904 Hillsboro Road, Nashville 12, Tennessee.
